

# 9th Asian Congress of Pediatric Nephrology

## Program at a Glance

### Coding:

WS = Workshop, PL = Plenary Lecture, S = Symposium, FP = Free Papers, IL = Invited Lecture, ME = Meet the Experts, CS = Chinese Symposium

### Friday, Oct. 28, 2005

#### Pre-Congress

Time	Hall A	Hall B	Hall C
09:00-18:00	Registration		
14:30-16:30		WS1 Renal Pathology	WS2 Traditional Herbal Medicine for Kidney Diseases
18:00-19:00	Opening Ceremony Plenary Lecture: Problems Facing Asian Children Suffering from Kidney Diseases		
19:00-19:30	Reception		

### Saturday, Oct. 29, 2005

Time	Hall A	Hall B	Hall C
08:00-08:30	PL1 Genetic Basis of Renal Disease		
08:30-09:00	PL2 New Development in the Therapy of Glomerular Diseases		
09:00-10:30	S1 Proteinuria & Hematuria		
	Break		
11:00-12:30	FP1 Clinical Nephrology I IL1	FP2 Molecular/ Genetic Renal Diseases IL2	FP3 Urinary Tract Diseases IL3
12:30-13:30	<i>Lunch / Exhibition</i>		
	ME1 Renal Tubular Disorders		ME2 Renal Cystic Diseases
13:30-14:30	Posters Viewing (Hall D)		
14:30-16:00	S2 Hypertension		S3 Nephrotic Syndrome
	Break		
16:30-18:00	S4 Urinary Tract Anomalies & Infections	S5 Enuresis	CS1 General Nephrology

### Sunday, Oct. 30, 2005

Time	Hall A	Hall B	Hall C
08:00-08:30	PL3 Use of Molecular Study in Kidney Diseases		
08:30-09:00	PL4 Etiology & Treatment of Growth Hormone in Chronic Renal Failure in Children		
09:00-10:30	S6 Chronic Renal Failure		S7 Pediatric Dialysis
	Break		
11:00-12:30	FP4 Clinical Nephrology II IL4	FP5 SLE / Vasculitis IL5	FP6 Renal Failure IL6
12:30-13:30	<i>Lunch / Exhibition</i>		
	ME3 Continuous Renal Replacement Therapy		ME4 Clinical Research
13:30-14:30	<i>General Meeting (Hall A)(13:30-14:00) / Poster Viewing (Hall D)</i>		
14:30-16:00	S8 Pediatric Transplantation		CS2 Glomerular Diseases
	Break		
16:30-17:45	S9 Prevention and Slowing Progression of Renal Failure		
17:50-18:00	Closing Remarks		

## **Preliminary Scientific Program**

### **Coding:**

WS = Workshop, PL = Plenary Lecture, S = Symposium, FP = Free Papers, IL = Invited Lecture, ME = Meet the Experts, CS = Chinese Symposium

### **Other Meetings**

October 29	12:30-14:00	AsPNA Council Meeting
October 30	13:30-14:00	AsPNA General Meeting

### **Friday, October 28, 2005**

09:00-18:00	Registration
14:30-16:30	<b>WS1 Renal Pathology</b>
WS1-1	Podocyte and Hereditary Nephrotic Syndromes <i>Marie Claire Gubler, France</i>
WS1-2	New Dimensions for Old Techniques <i>Fernand Mac-Moune Lai, Hong Kong, China</i>
	<b>WS2 Traditional Herbal Medicine for Kidney Diseases</b>
WS2-1	Nephroprotective and Nephrotoxic Effect of Traditional Chinese Herbs <i>Xiaomei Li, China</i>
WS2-2	Topic to be advised <i>Afroze Ramzan, Pakistan</i>
WS2-3	The Prospective of Bioactive Natural Products from Chinese Herb: Treatment of IgA Nephropathy <i>Ching-Yuang Lin, Taiwan, China</i>
WS2-4	Indian Herbal Medicine (Ayurveda) in Renal Diseases <i>Arvind Bagga, India</i>
18:00-19:00	Opening Ceremony
PL-0	Problems Facing Asian Children Suffering from Kidney Diseases <i>Carmelo A Alfiler, Philippines</i>
19:00-19:30	Reception

### **Saturday, October 29, 2005**

08:00-08:30	PL-1	Genetic Basis of Kidney Diseases <i>Lisa Guay-Woodford, USA</i>
08:30-09:00	PL-2	New Development in the Therapy of Glomerular Diseases <i>Patrick Niaudet, France</i>
09:00-10:30		<b>S1 Proteinuria &amp; Hematuria</b>
S1-1		Course and Outcome of Japanese Patients with Tubulointerstitial Nephritis and Uveitis Syndrome <i>Tsukasa Takemura, Japan</i>
S1-2		Following Up Screened Proteinuria & Hematuria Children <i>Byoung Soo Cho, Korea</i>
S1-3		Hematuria & Hereditary Nephritis <i>Jie Ding, China</i>
S1-4		Hematuria & IgA Nephropathy <i>James Chan, USA</i>
10:30-11:00		Break

## 9th Asian Congress of Pediatric Nephrology

- 11:00-12:30 **FP1 Clinical Nephrology I**
- IL-1 Infections in Nephrotic Syndrome  
*Afroze Ramzan, Pakistan*
- FP 2 Molecular / Genetic Renal Diseases**
- IL-2 Hereditary Forms of Hematuria  
*Clifford E Kashtan, USA*
- FP3 Urinary Tract Diseases**
- IL-3 Approach to UTI in Children  
*Kishore Phadke, India*
- 12:30-13:30 **ME1 Renal Tubular Disorders**
- ME1-1 Maturation of Proximal Tubule NaCl Transport  
*Michael Baum, USA*
- ME1-2 Hypokalemic Tubular Disorders  
*Fernando Santos, Spain*
- ME2 Renal Cystic Diseases**
- ME2-1 Functional Genomics: New Therapies for PKD in the 21<sup>st</sup> Century  
*Ellis D Avner, USA*
- ME2-2 The Molecular and Cellular Biology of Polycystic Kidney Disease  
*Lisa Guay-Woodford, USA*
- 13:30-14:30 **Posters Viewing**
- 14:30-16:00 **S2 Hypertension**
- S2-1 Investigating Renal Hypertension  
*Michael Dillon, UK*
- S2-2 Pathophysiology of Hypertension  
*Haniff Mohammad, Bangladesh*
- S2-3 Ambulatory Blood Pressure Monitoring: Role in the Management of Hypertension in Children  
*Hui Kim Yap, Singapore*
- S2-4 Use of anti-Hypertensives Drugs  
*Eileen Brewer, USA*
- S3 Nephrotic Syndrome**
- S3-1 Steroid Sensitive Nephrotic Syndrome - What 's the Best Regimen  
*Arvind Bagga, India*
- S3-2 Pulse Cyclophosphamid in Steroid Dependent or Resistant Nephrotic Syndrome  
*Taralan Tambunan, Indonesia*
- S3-3 Secondary FSGS  
*Hae Il Cheong, Korea*
- S3-4 Complications and Outcome of Long Term Treatment  
*Colin Jones, Australia*
- 16:00-16:30 Break
- 16:30-18:00 **S4 Urinary Tract Anomalies & Infections**
- S4-1 Embryology of Congenital Anomalies of the Kidney & Urinary Tract  
*Iekuni Ichikawa, Japan*
- S4-2 Molecular & Genetic Basis of Primary Vesicoureteral Reflux  
*Robert H Mak, USA*
- S4-3 Controversies in Diagnosis and Treatment of Childhood UTI  
*Sik-Nin Wong, Hong Kong, China*

>>>>>>>>>> **Caring for Children with Renal Diseases in Today's Asia**

- S4-4 Long Term Outcome of Urinary Tract Malformations Diagnosed in Utero  
*Pierre Cochat, France*  
**S5 Enuresis**
- S5-1 New Insights into the Pathophysiology of Refractory Nocturnal Enuresis  
*Chung-kwong Yeung, Hong Kong, China*
- S5-2 Management of Nocturnal Enuresis - the Malaysian Experience  
*Yam Ngo Lim, Malaysia*
- S5-3 Current Management of Enuresis in Singapore Children  
*Sing Ming Chao, Singapore*
- S5-4 Topic to be advised  
**CS1 General Nephrology**
- CS1-1 ANCA Associated Nephropathy  
*Shumei Chen, China*
- CS1-2 Progresses in Studies on Proteomics in Childhood Renal Diseases  
*Min Wei, China*
- CS1-3 Preventing Renal Damage in Children with Vesicoureteric Reflux in China  
*Hong Xu, China*
- CS1-4 Diagnosis and Treatment of Enuresis in Chinese Children  
*Qian Wang, China*

**Sunday, October 30, 2005**

- 08:00-08:30 PL-3 Use of Molecular Study in Kidney Diseases  
*Takashi Igarashi, Japan*
- 08:30-09:00 PL-4 Etiology & Treatment of Growth Hormone in Chronic Renal Failure in Children  
*Otto Mehls, Germany*
- 09:00-10:30 **S6 Chronic Renal Failure**
- S6-1 Analysis of 1,268 Patients of Chronic Renal Failure Children: A Report from 91 Hospitals in China 1990 -2002  
*Jiyun Yang, China*
- S6-2 Renal Bone Diseases: Pathogenesis and Guidelines for Treatment  
*Anthony Portale, USA*
- S6-3 Skeletal Consequences of the Treatment of Secondary Hyperparathyroidism  
*Isidro B Salusky, USA*
- S6-4 Prevention of Cardiovascular Complications  
*Susan P A Rigden, UK*  
**S7 Pediatric Dialysis**
- S7-1 Peritoneal Dialysis Adequacy  
*IL Soo Ha, Korea*
- S7-2 Peritonitis: Reducing Rate & Management  
*Wai Ming Lai, Hong Kong, China*
- S7-3 Outcome and Complications of Long Term Dialysis  
*Masataka Honda, Japan*
- S7-4 Updated Guidelines for Pediatric Dialysis  
*Steve Alexander, USA*
- 10:30-11:00 Break
- 11:00-12:30 **FP4 Clinical Nephrology II**
- IL-4 Diarrhea-Associated Hemolytic Uremic Syndrome (D+HUS) in Children in Korea  
*Chong- Guk Lee, Korea*

- FP5 SLE / Vasculitis**
- IL-5 Childhood SLE: Management Update  
*Achra Sumboonnanda, Thailand*
- FP 6 Renal Failure**
- IL-6 ESRD Program for Children  
*Pyung-kil Kim, Korea*
- 12:30-13:30 **ME3 Continuous Renal Replacement Therapy**
- ME3-1 The Fundamentals of Continuous Renal Replacement Therapy in Children  
*Steve Alexander, USA*
- ME3-2 Continuous Renal Replacement Therapy: Problems and Solutions  
*Hui Kim Yap, Singapore*
- ME4 Clinical Research**
- ME4-1 Basics for Clinical Research  
*James Chan, USA*
- ME4-2 How to Write a Scientific Paper  
*Otto Mehls, Germany*
- 13:30-14:30 **AsPNA General Meeting / Posters Viewing**
- 14:30-16:00 **S8 Pediatric Transplantation**
- S8-1 What's Up in Transplanting Children  
*Richard Fine, USA*
- S8-2 Living Related Transplantation in Children  
*Sang Joon Kim, Korea*
- S8-3 Facing the Challenge  
*Man-Chun Chiu, Hong Kong, China*
- S8-4 Chronic Allograft Nephropathy  
*Jochen H H Ehrich, Germany*
- CS2 Glomerular Diseases**
- CS2-1 Diagnosis and Treatment of Steroid Resistant Nephrotic Syndrome  
*Zhuwen Yi, China*
- CS2-2 FSGS in Children  
*Kei Chiu Tse, Hong Kong, China*
- CS2-3 The Clinical and Pathological Features of Schonlein-Henoch Purpura Nephritis in Children  
*Songming Huang, China*
- CS2-4 Diagnosis and Treatment of Childhood Lupus Nephritis  
*Jianping Huang, China*
- 16:00-16:30 Break
- 16:30-17:45 **S9 Prevention & Slowing Progression of Renal Failure**
- S9-1 Prevention of Renal Failure  
*Russell Chesney, USA*
- S9-2 Role of Hypertension and Hyperlipidemia  
*Eileen Brewer, USA*
- S9-3 Reno-Protective Agents  
*Frederick J Kaskel, USA*
- S9-4 A Strategic Approach  
*Philip Kam-Tao Li, Hong Kong, China*
- 17:50-18:00 Closing Remarks
